

# Ilona Jukonienė

## CONTACT INFORMATION

---

Address Žalųjų Ežerų Str. 47, Vilnius LT-12200, Lithuania  
Tel. no.: +370 67601255  
E-mail: [ilona.jukoniene@gamtc.lt](mailto:ilona.jukoniene@gamtc.lt)  
[orcid.org/0000-0002-0664-1402](https://orcid.org/0000-0002-0664-1402)  
<https://www.researchgate.net/profile/Ilona-Jukoniene>

## EDUCATION AND ACADEMIC DEGREE

---

1984 – 1993 PhD in Biology (Botany – N 013) in the Natural Sciences (Institute of Botany and Vilnius University).  
Thesis topic: Mosses (Bryopsida) of Lithuania, supervisor - dr. A. Aboliņ.  
Research area: diversity, ecology (associations with plant communities and substrates) and phenology of mosses.

1977 – 1982 University of Vilnius, biologist, lecturer in biology and chemistry.  
Thesis topic. “Bryophytes of the Žalioji giria botanical-zoological reserve and their distribution in plant communities“.  
The thesis was carried out at Vilnius University and Botanical Institute, Flora and Geobotany Laboratory.  
Research area: bryophyte diversity and ecological affinity.

## PROFESSIONAL EXPERIENCE

---

2013 06 – until **Researcher**  
now Flora and Geobotany Laboratory, Institute of Botany, Nature Research Centre

1996 12 – 2013 06 **Senior Researcher**  
Flora and Geobotany Laboratory, Institute of Botany (since 2010 01 01 01 - Institute of Botany, Nature Research Centre)

1994 01 – 1996 12 **Researcher**  
Flora and Geobotany Laboratory, Institute of Botany

1991 03 – 1994 01 **Junior researcher**  
Flora and Geobotany Laboratory, Institute of Botany

1984 11 – 1991 04 **The Aspirant**  
Flora and Geobotany Laboratory, Institute of Botany

1982 08 – 1984 11 **Senior laboratory assistant**  
Flora and Geobotany Laboratory, Institute of Botany

## RESEARCH INTERESTS

Research interests: bryophyte diversity, ecology and distribution, population structure and status of rare bryophyte species, structure of mire vegetation and its long-term changes. Use of historical data of Lithuanian bryoflora in the assessment of vegetation changes in the context of landscape change, anthropogenic activities and climate change, development of bryological research in Lithuania and neighbouring regions.

**PARTICIPATION IN INTERNATIONAL AND NATIONAL SCIENTIFIC PROGRAMMES AND PROJECTS**

---

- |             |   |
|-------------|---|
| 2022–2024   | <b>leader of the project</b> "Šepeta. Mire vegetation in the context of historical research and landscape changes" ((Lithuanian Science Council, Lithuanian Studies Programme 2016–2024).   |
| 2019 – 2022 | <b>leader of the project</b> "Sources of botanical research at the turn of the 19th and 20th centuries. K. Szafnagel's "Zapiski bryologiczne" and herbarium – research and publication". (Lithuanian Science Council, Lithuanian Studies Programme 2016–2024).              |
| 2016 –      | <b>leader of the project</b> "Unstudied bryological collections. Significance for the knowledge of the Lithuanian bryoflora and the assessment of the influence of landscape changes on its structure (Lithuanian Science Council, Lithuanian Studies Programme 2016–2024). |
| 2019-2022   | <b>responsible promoter of the project</b> "Inventory of plant species of European Community importance" (contract with State Service of Protected Areas under the Ministry of the Environment)   |
| 2022        | <b>leader of the project</b> "Bryophyte inventory and surveys throughout the territory of the Curonian Spit National Park (contract with the Curonian Spit National Park)   |
| 2010–2011   | <b>leader of the project</b> "Influence of the neophytic moss <i>Campylopus introflexus</i> on peatland community formation" (Lithuanian Science Council, National Science Programme "Lithuanian ecosystems: climate change and human impact")                              |

**PARTICIPATION IN SCIENTIFIC CONFERENCES**

---

**International scientific conferences:**

1. **Jukonienė I.**, Kalvaitienė M., Rasimavičius M., Ričkienė A. 2021. Findings in the Herbarium of Vilnius University: A historical collection of bryophytes. – International Scientific Conference dedicated to the 100th anniversary of the National Herbarium of Ukraine (KW) „Herbaria of the 21st century: Achievements and challenges“, 1 October, Kyiv, Ukraine. Proceedings: 136–140.
2. **Jukonienė I.**, Kalvaitienė M., Rasimavičius M., Ričkienė A. 2022. Historical data in the context of distribution of rare species: “Zapiski bryologiczne” by K. Szafnagel and his herbarium. – 10th conference of European Committee for Conservation of Bryophytes, 24-27th May, Zagreb, Croatia 2022. Book of Abstracts: 31.
3. **Jukonienė I.**, Subkaitė M. 2018. Historical data for assesment of the impact of landscae changes on bryophyte diversity in Lithuania. – Symposium “Europe’s cryptagams in a changing world – 50 years of research and protection of bryophytes and lichens in Central Europe, 20–22 April, Seckenberg Museum of Nayral History, Frankfurt am Main, Germany. Book of Abstracts: 20.

### *National scientific conferences:*

1. **Jukonienė I.** Professor Antanas Minkevičius - the pioneer of moss research in Lithuania. – Conference to commemorate the 120th anniversary of A. Minkevičius, 1 December, .Vilnius, Lithuania. Conference material: 10–11.

### **PARTICIPATION IN THE STUDY PROCESS**

---

#### *Supervision of PhD students:*

Scientific area: Natural Sciences (N000), field: Ecology and Environmental Science (N 012)

Monika Kalvaitienė	Plant associations in boreal and temperate marginal fens: the influence of environmental conditions and interrelationships	2017-10-02 – 2024-09-30
--------------------	--	----------------------------

#### **Supervising bachelor's and master's theses**

Agnė Mikalauskienė	Master's thesis topic "Diversity of the Aukštumala wetland sphagna in the context of anthropogenic impacts and new knowledge" (VU LSC, Biodiversity study programme)	2021–2022
Gabrielė Jociūtė	Bachelor thesis topic: "Sphagna of Acutifolia section in Lithuania: analysis of diversity, characters and distribution" (VU LSC, Biology study programme)	2018 – 2019
Monika Sukaitė	Master's thesis topic: Ecological conditions of <i>Hamatocaulis vernicosus</i> (Mitt.) Hedenäs (VU LSCC, Ecology study programme) a habitats and their influence on moss abundance and morphometric parameters	2015–2016
Kotryna Malikėnaitė	Master's thesis topic: Diversity and distribution of the genus <i>Grimmia</i> species in Lithuania (VU LSC, Botany study programme)	2015–2016
